Normal printing includes basic manipulation to include burning, dodging, sharpening, etc. Computer time for changes and manipulations beyond normal printing will be billed by a price range quote based on \$50.00 per hour of computer time. An example might be removing power lines or background changes. Large quantity runs by quote. A disc of print files is included. We archive your printing files for future printings at the discounted price.

There are multiple paper choices. Ask to see samples. Special papers may be possible for large jobs. To find square footage multiply length x width and divide by 144.

NEW SERVICE: Silver Gelatin Prints from digital files - Contact us for more information.
